

To Whom It May Concern:

Reference letter for Eugene Ng

As Deputy General Manager of JP International Events Management, I am happy to recommend Mr. Eugene Ng highly for any managerial position working relating to events management and web design projects.

Eugene is a serious and dedicated young upcoming manager, and his reliability and integrity are above question. For the 4 major events projects which I have assigned to him in the past 6 months, I was very impressed for the high standard of quality programs Eugene has produced from program concept to overall execution of the events. In view of his excellent performance, we have been assigned an international scale of project by our client Char Yong (Da Bu) Association for their 150th anniversary celebration and Mr. Lee Hsien Loong, our Prime Minister has agreed to be the event's Guest of Honor held on October 04, 2008 at Suntec Convention Hall.

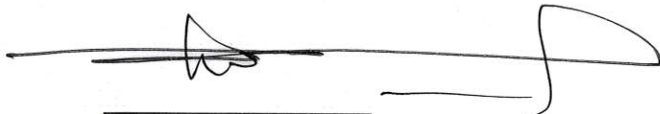

As project manager of the project, Eugene has created an almost flawless program for the 400 international participants coming to Singapore for the occasion. The program involves:-

- Hotel Accommodation for 400 overseas delegates;
- Arrangement of meeting and see-off services Airport/Hotel/Airport;
- 2 full-day tour programs;
- Daily transports for all the official functions;
- Creation of the 150th Anniversary Celebration Program for 1500 participations on the October 04, 2008 evening with Mr. Lee Hsin Long, our Prime Minister as the Guest of Honor for the evening event;
- Creation of the 15-minute duration "Char Yong Story" which is well complimented by the entire floor of audience.

The Board of Directors of Char Yong (Da Bu) Association has given their compliments to Eugene's excellent performance which is one of major factors contribution to the success of our client's event program.

In addition to his Events Management projects, Eugene is very good in his IT knowledge and he has assisted the company to create our corporate website and is now put into use for almost 2 months.

Eugene is born with a cheerful and very positive character. His willingness to help others and empathy with people has made himself very popular amongst friends and suppliers. Eugene is one of the very rare top gun which I have come across in my past 30 year's career as a senior management member for various business corporations in the region.

Clarence Cheung
Deputy General Manager
