To whom it may concern,

TESTIMONY FOR 96957247, EUGENE NG

This letter is to recommend Eugene Ng for the outstanding work he has done in Systems Education Centre (1983) Pte Ltd. He was attached to my section for assistance in putting in the final touches for SEC's "Willy Wabbit Mandarin Adventure" (PSLE educational series, Chinese) for the period of 12 May 1998 to 04 July 1998.

His attitude, performance as well as the quality of his work was highly reflected in the finished product. Eugene was quite proficient with 3DSMAX and Photoshop, and learnt Freehand 7.0 and Director 6.1 with relative ease. His professionalism in the recording studio was outstanding.

I hope that his efforts will be fully recognized.

Desmond Ong
Systems Manager
