

To Whom It May Concern

I have known Eugene Ng for a period of one year. Eugene was a third year student of mine in the course CMM3106 Psychology, Psychoanalysis and Cinema.

Eugene has demonstrated he is a reliable and committed student. He attended all the tutorials in my class and handed his work in on time. Eugene illustrated in his written work awareness and understanding of the major theories/theorists, organised his thought and expression so a reader could follow his ideas easily.

I have found Eugene to be polite, friendly and hard working, qualities which are beneficial to any workplace.

Yours sincerely
