

**NgeeAnn**  
The Polytechnic of Industry

7 January 2002

To whom it may concern:

It is with pleasure that I write this letter of recommendation for Mr Eugene Ng.

Eugene graduated from the Film, Sound & Video Programme at the School of Film & Media Studies, Ngee Ann Polytechnic, in Singapore. I knew him during his three years of study in the programme. He was a good student throughout the course with an overall weighted average of 67.33%.

Eugene received one 'A' grade with distinction in Computer Technology A for which he won the Book Prize for top student in the class. He also attained seven 'A's in subjects such as Film History, Film & Music Appreciation, Experimental Projects (in film), and Camera & Lighting.

Eugene also performed exceptionally well on his Specialist Project A, a computer animated film entitled "Spirit of Flight". Eugene and his project partner created a four-minute animation about a man who wishes to fly. This animation has been screened at several festivals including the 7<sup>th</sup> International Student Film Festival in Tel Aviv.

Eugene was a conscientious student with a very positive attitude. He was well regarded by his lecturers and had a good rapport with the other students.

Since his graduation in 1999, Eugene has completed his National Service with the army. He worked as a store man, in Singapore and on a one year posting in Taiwan. During his time with his unit, he also completed three video productions on army logistics and formation.

He is determined to further his education in film and television studies and wishes to pursue a Bachelor's degree with an emphasis on production and lighting. I support Eugene Ng in his academic pursuits and wish him great success.

Sincerely,

Michelle Gnutzman
