

20th June 2003

To: Whom it may concern,

LETTER OF RECOMMENDATION FOR EUGENE NG

Production Consultant

Eugene started work with Faber Image last year in 5th March 2002, but I had already met Eugene since his "Phantom of the Opera" theatre days since 1995. He had just started work in the media industry, and was a stage carpenter in those days.

Eugene has performed well in both the theatre and media events industry. He has worked on some major projects that include AIDS Fundraiser, the Lena Maria Concert and the RCMS 6th Annual Food and Wine Festival.

Corporate/Theatrical Production

Eugene has been a conscientious worker with a very positive attitude. He has constantly maintained a good rapport with his colleagues, and is thus well regarded by his superiors and peers in the technical team.

In conclusion, the working relationship between Eugene and the rest of the team has been a pleasant one. I understand that he'll be leaving for Perth to study for his degree in Film and Video, and I would like to wish him well.

Video/Multi-Media Production

Regards,
